GLOBAL PROGRAMMING INSTRUCTIONS

TEXT

- ANY TEXT RESPONSES COLLECTED SHOULD BE FORWARDED IN A MICROSOFT EXCEL SPREADSHEET MATCHED BY UNIQUE ID (QID.)

WEB VS. PHONE

- The "(DO NOT READ)" response options should be shown in phone only unless otherwise specified
- Questions marked with "(PN: MAKE A GRID)" should be shown in the web survey on one screen in a user-friendly grid
- In the WEB program, respondents should be able to "skip" any questions and be coded as 9. Phone respondents should have a response for every question they are asked (i.e., not skipped due to a skip pattern).
- Interviewer notes and instructions should be shown in the phone program only, unless otherwise specified.
- Some interviewer notes/instructions should be modified and be shown to all respondents for web. These will be denoted with "(WEB NOTE ONLY:...)." These notes should be placed below the question-text in italic font.

NON-RESPONSE CODES

- BLANKS ARE DENOTED BY A 9 AND CORRESPOND TO SKIPS AT A GIVEN QUESTION IN THE "WEB" MODE
- CODES IN THE "PHONE" MODE MARKED WITH A "V" OR "VOL." STAND FOR "VOLUNTARY" AND SHOULD NOT BE READ TO RESPONDENTS

MULTIPLE - RESPONSE

- We will NET the new 'Multi-punch' code with "Not sure" for all cases where "Not Sure" is offered as an option as a separate variable.
- Implement a hierarchy for the few questions where a hierarchy may be warranted. On questions where a hierarchy is implemented, SSRS will create a separate variable in which the multiple-response options will be reassigned according to the hierarchy that is put in place.

GLOBAL WEB PROGRAMMING NOTES:

- **2020 International Health Policy Survey**
- Respondents should be allowed to skip every question
- Header on every page should contain the client official logo(s)
- The body of the page (question area) should be WHITE
- Please code any skipped/left blank response for a question a respondent saw as a 9 and code all programmatically skipped question as missing or with no code.
- Footer – light grey background for all pages other than landing page – smaller text font – should contain the following information:

US FOOTER (Q600=11)
